A Contradiction

Assam Tribune

Sir,—I refer to the statement made by All Assam Students' Union, published in the Assam Tribune (October 6) under the caption "Expelled from AASU Membership". I would like to state that the news is baseless, malafide, and misleading. As I have not received any communication from the AASU executive till today (October 16), I think this must be false, motivated, only to defile me among the public alleging my involvement in corruption. So, I strongly contradict this news. In my opinion, quite illegal and unconstitutional an attempt has been made by a vicious circles among the AASU executive to defame me for their selfish interest.

I also hereby ask the AASU executive to make the so-called charges of alleged corruption against me in public through the Press so that I may take the challenge in proper way.—Yours etc.,
LA
